5. Club Rides

There have been issues with a very slow rider turning up on Saturday road rides. This has meant that regulars are having to wait for her and getting cold which is putting them off. It was agreed the best way forward is to suggest she attends leisure rides until her fitness improves. DR will ask Alan Woodison to make contact with her.

There have been a couple of occasions when large numbers on ride that people have been dropped or had mechanical issues and left behind. It was agreed that all riders need to look out for others so that this does not put people off what is supposed to be a social ride. Need to have a head count at start of riders and all riders communicate if somebody is dropped so that front riders wait.

6. Website

DR will arrange to meet with Midge Gaskin to discuss website options

The club has 2 FB pages – a closed group for members and a public page. It was agreed that public page should be updated regularly e.g. with race results, pictures from club activities etc.
